1. Statement of intent

Lavena Cleaning is committed to protecting the health and safety of our clients, the public, and anyone involved in our work. We aim to prevent accidents and work-related ill health through safe systems of work.

2. Risk assessment

- We assess hazards before and during work (dynamic risk assessment).
- We use appropriate controls such as PPE, ventilation, signage, and safe handling methods.
- We stop work if hazards cannot be controlled to a safe level.

3. PPE and training

- PPE is selected based on the task (gloves, masks/respirators, eye protection, aprons).
- We follow manufacturer guidance for chemicals and equipment.
- We maintain awareness of COSHH and infection prevention practices.

4. Accident and incident reporting

- Any accident, near miss, or injury is recorded and reviewed.
- We take corrective action to reduce recurrence.

5. Contact

For safety concerns, contact: poinarlavinia@yahoo.com | 07789 007055
